Important deadlines

Timely applicant
Employees and dependents must enroll for coverage within 60 days before or 31 days after their eligibility date.

Premiums
You will receive your premium bill about two weeks before the due date. Your payment is due the first of the month.

Portability and conversion
Be sure to remind terminating employees that they have 31 days to convert their life coverage to a permanent insurance plan, and/or 31 days to port coverage if they have a voluntary life plan.

Plan changes
Underwriting must approve all voluntary life increases after initial enrollment or if the coverage amount requested exceeds your guaranteed acceptance limit. Employees who want life insurance for more than the guaranteed acceptance limit need to complete a health questionnaire and provide additional information that Underwriting may request.
