Choose HumanaOne Dental benefits

Be healthy
Good dental health is a reflection of good overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. HumanaOne Dental’s Preventive Plus plan focuses on prevention, providing exams and cleanings every calendar year.

Be successful
Did you know 74 percent of adult Americans believe that an unattractive smile could hurt a person’s chances for career success? That’s according to the American Academy of Cosmetic Dentistry. HumanaDental’s Preventive Plus plan helps you maintain a healthy and attractive smile.

My Dental IQ
My Dental IQ promotes routine dental care—not only encouraging good oral health, but possibly helping to reduce total healthcare costs over time. Research shows that periodontal (gum) disease has been linked to other serious diseases in the body. The dental health risk assessment at MyDentalIQ.com takes minutes to complete, and immediately delivers a scorecard with health tips tailored to you.
